CYBERSECURITY DEFENSE ECOSYSTEM FOR THE CHANNEL

Why The Cybersecurity Defense Ecosystem Matters to Vendors?

"Recruit top-notch cybersecurity-savvy MSPs to kickstart a wave of steady and reliable sales growth!"

The Cybersecurity Development Ecosystem (CDE) is like a supercharged hub for cybersecurity-savvy MSPs, offering a year-round boost in size, strength, and smarts!

Vendors can dive into partner recruitment campaigns lasting 3, 6, or 12 months (check page 4 for all the juicy details) targeting a whopping 5,000+ MSPs/MSSPs and SOCs who call CDE home (and the family keeps growing).

Each part of the ecosystem packs a punch, bringing in extra perks and ROI to fuel your growth in the channel.

We're always on the hunt for more cybersecurity-focused members from our mega [eChannelNEWS](#) database with 95,000+ channel partners. With our current 5,000+ members, we're gunning to double up by 2025, aiming to be a powerhouse in the global cybersecurity channel partner scene.
